The GCSP

We are an international foundation serving a global community of individuals and organisations. Our mission is to advance peace, security, and international cooperation by providing the knowledge, skills, and network for effective and inclusive decision-making. We do this through executive education, diplomatic dialogue, policy analysis, the Global Fellowship Initiative and our Alumni Community.

What is the Global Scholarship Fund?

The GCSP **Global Scholarship Fund** provides financial assistance to individuals who are achieving, or have the potential to achieve, great impact in international peace and security.

Why support the Global Scholarship Fund?

Every individual who is admitted to one of our courses is exceptional. We regularly receive requests for funding as some cannot afford to attend. Our ability to grant them entry depends on the generosity of donors like you.
