

26TH NOVEMBER, 16:30-18:30 CET | ONLINE

LEADERSHIP HUMAN LIBRARY

OVERVIEW:

- Become a "reader" and explore the unknown through other's stories
- Spend an afternoon learning from diverse leadership journeys in small groups
- Expand your network while getting inspired
- Have at least 6 fifteen minutes meaningful conversations in one afternoon

What is a Human Library?

The Leadership Human Library is an event where real people are on loan to readers for a personal conversation. The workshop is designed to build a positive framework for conversations that could challenge leadership assumptions through dialogue. Like a regular library, the Human Library has several books with title and descriptions, and "readers" can check out "books" on topics that they might be interested.

25th GCSP Anniversary events

Let's celebrate together!

The new normal? Let's think and act, together. 25 years ago, the GCSP began its journey promoting peace and security around the world. Today, our unique international community of experts is a powerful source of knowledge, with a real ability to make a difference.

This event is part of a series of virtual events marking the GCSP's 25th Anniversary taking place globally from November 25th to 27th with over 50 experts in peace and security.

We would like to invite you to be part of one of our events that will facilitate open and honest conversations with leaders using the Human Library methodology.

How does it work?

Participants from the human library will have the chance to read a book (have a conversation with a leader). In other words, as a participant you would be able to engage in a 15 minute conversation with each leader.

That will grant you at least 6 inspiring conversations!

Geneva Leadership Alliance

A day to inspire and get inspired

Become part of it

As a participant you are not expected to prepare any questions or topics in advance, just to be open and ready to listen to other's leadership journeys.

Sharing experiences and learning from each other can be very fulfilling!

You will be able to choose the books you would like to read from a catalog of leaders with different backgrounds, expertise and nationalities.

We are looking forward to this online event together with you and our inspiring "books"!
